## ABOUT OUR COMPANY

Since our incorporation in March 1999, we have been offering financial and business advisory services to diverse Kenyan and international organizations. We are proud to mark **25 years of partnering with our clients**, many of whom have been with us since our formative years.

Our philosophy of building strong working relationships and providing quality service, responsive to our client

needs has enabled us to continuously grow our client portfolio and sustain a high client retention rate.

With our skilled and experienced staff, we provide a comprehensive range of business solutions and where expertise is not available in-house, we have partnered with carefully selected associates so as to make MGK Consulting a one-stop shop for financial advisory.

## OUR TAX SERVICES

In today's world, tax risk management is crucial to ensure that the gains accruing to Organisations' are safeguarded. This is by ensuring that organisations' have complied with the applicable tax regulations while also benefiting from the available tax benefits.

The tax landscape can have far-reaching consequences for organisations' that do not have the right professionals to inform them of the taxation requirements as well as keep them abreast of changes.

At MGK, we offer support to ensure that our clients comply with their tax obligations.

Our tax advisory will enable you to take advantage of available and applicable tax benefits.
