

## Our Company

We offer financial advice and consultancy to businesses and organisations looking to protect and grow their business by offering accurate and timely accounting, auditing and other professional services to international standards and at good value, through a friendly, accessible and involved team. We provide a comprehensive range of business solutions and where expertise is not available in-house, we have partnered with carefully selected associates so as to make MGK Consulting a one-stop shop for financial advisory.

**Celebrating  
25 Years of  
Excellence**

## We help you nurture and grow your business

MGK Consulting is your friendly, accessible professional audit and accounting firm in Kenya. We deliver to international standards and are members of AGN International.

## Why Choose Us

### Excellence

We uphold professionalism, integrity and adherence to international standards.

### Client Focused

We strive to understand and meet client needs efficiently while availing a friendly service.

### Trust

We do what is right for the client, always. Ethical conduct is the norm at MGK Consulting.

## What we do

Effective, efficient and timely fund management is a critical element in the success of donor funded projects and other stakeholder's programs.

At MGK we work with Donors and Funders, Research and Development Organisations, Corporate entities, implementing partners and other stakeholders to contribute to the success of projects and programs

## Our Fund Management Services

- ✓ Handling project and related funds through our client bank accounts in compliance with local laws and regulations.
- ✓ Reviewing funding requests in line with agreed upon terms and conditions.
- ✓ Reviewing funding requests supporting documents.
- ✓ Disbursing funds to implementing partners, direct recipients and suppliers and service providers in line with agreed upon parameters.
- ✓ Payment of related taxes deducted from source where applicable.
- ✓ Preparing the related financial reports in line with agreed timelines.
- ✓ Consolidating and organizing the supporting documents either in hard copies, soft copies or both depending on your needs.
